Designed in 2019 by the Creative Director of S/W/F Boutique, this villa is set on Tegal Cupek Street in the charming neighborhood of Umalas, offering the best of both worlds with close proximity to both Canggu and Seminyak.

The villa exudes calm and understated luxury, with soothing textures and abundant natural light. It features 2 bedrooms and 2.5 bathrooms and includes front and back courtyards for seamless indoor-outdoor living. The remodel showcases an Italian marble kitchen, a skylit open-plan living area, and custom-made furnishings explicitly designed for the space. Its minimalist aesthetic emphasizes natural materials, creating a modern and timeless retreat. Each space flows effortlessly, from the master bedroom—where soft white walls meet smooth polished floors and mirrored accents—to the sunlit courtyards framed by palms. Sheer curtains filter daylight, casting gentle shadows that dance across the pool and outdoor shower.

The breezy design blurs the line between indoors and out, with cohesive materials unifying the villa. Resin features prominently, from sculptural artworks to outdoor elements like the custom bathtub. Every space has been thoughtfully designed, resulting in an elegant and chic environment that appeals to those with refined taste. Perfect for entertaining or unwinding, the villa balances style and comfort—whether lounging by the pool, hosting friends, or enjoying a quiet evening. The design draws from personal experience, guided by the mantra “If you love it, use it.”

Surrounding its owners with beauty while nurturing everyday life proves that a home is far more than just its physical form.
