* Rented until September 2027

Introducing a newly constructed freehold property spanning 900 sqm, with approximately 563 sqm of livable space, situated in Kaba-Kaba—a serene village located just fifteen minutes from Canggu. This residence is designed following a Tropical Modern architectural concept, design by Alexis Dornier and build by DKS contractor. The design emphasizes optimal airflow dynamics, incorporating effective ventilation techniques that ensure a continuous, refreshing breeze throughout the living spaces.

The property also features an extensive parking area and drop-off zone, complemented by views of lush greenery that enhance both visual appeal and immersion in nature.

Key amenities include a meticulously landscaped garden offering jungle views, a dedicated laundry room, and private onsite parking. The residence is equipped with fully functional staff quarters and a well-organized storage room, which is integrated with laundry facilities. The centerpiece of the exterior is a well-designed swimming pool, along with gated parking that includes a thoughtfully planned maneuvering area for ease of access.
