'Relaxed home for happy living.'

The villa's location is the opposite of green belt ricefields and a river, making it a good choice for families who want to live in a quiet and peaceful area within walking distance to the Pererenan beach or Pantai Lima beach strategically close to trendy cafes/restaurants.

It is designed by a renowned Australian-based firm with stunning worldwide projects in its portfolio and built by a highly-rated contractor with more than 12 years of experience (Villa Marie & Villa Zambala).

A minimal-chic, almost brutalist room that combines sandy hues and soft textures and juxtaposes organic with geometric forms. These imperfect shapes certificate the healthful mood of the space with a primary palette. High-quality finishing and furniture selection.
